Where Boston Hardcore Begins...

IN BRIEF

THIS IS STILL BOSTON, NOT L.A.

You need only look at any straightedge band today to feel the residual musical impact of Boston's early '80s hardcore scene. But for a look beyond the music, check out the upcoming documentary *XXX ALL AGES XXX*, which goes beyond the music to explain the social history that spawned Boston hardcore. The film, which gets its kickoff with an August 29 reunion show featuring Boston legends **DYS**, **GANG GREEN**, **JERRY'S KIDS**, and **THE F.U.'S**, makes its big-picture debut this fall.
